

MID-RANGE MATERIALS HANDLING RESILIENT

ORCA

Balanced Performance

Orca is designed with one objective: performance at a competitive price. For applications that are not in constant use or that carry a lower load, as standard Orca proves itself as the most cost-effective tire in its class. Long mileage, low energy consumption and excellent cut resistance all mean that Orca delivers a solid performance at the right price.

Orca tires are available in the most common sizes in both LOC and NON LOC (nose retaining bead for easy mounting).

PERFORMANCE DEFINED

TIRE LIFE

Trelleborg products guarantee **best in class** performance. This results in longer tire life, **additional hours of usage**, reduced downtime and lower maintenance costs.

ENERGY SAVING

Trelleborg is a **leading approved tire manufacturer to the OEMs**. We work closely with them to ensure we meet the requirements of energy consumption. This results in **reduced fuel costs** for our customers.

STABILITY

Trelleborg products are designed to have **large footprints** maximizing the contact area leading to better stability and even tire wear.

COMFORT

Trelleborg understands the requirements of a **safe working environment**. Our products are designed to reduce vibration and **keep noise to a minimum level**. We follow the strictest regulations for work safety while providing a comfortable ride.
